

Appendix 3-12

Prescriptions for the Balance of the Portage County Regional Sewer District in Cuyahoga River and Grand River Basins

Balance of the Portage County Regional Sewer District in Cuyahoga River Basin (Mantua, Rootstown, and Suffield Townships) (green)

Future development will be served by an existing POTW modified or expanded as required to handle the flow or a non-discharging sewage disposal system. Non-discharging systems including on-site septic systems and systems in which the effluent is applied to the land are locally permitted at this time. New discharging systems are only permitted for repair of existing systems in cases where both central sewer and non-discharging systems are not available.

Balance of the Portage County Regional Sewer District in Grand River Basin (Hiram and Nelson Townships) (green)

Future development will be served by a new or existing POTW modified or expanded as required to handle the flow and designed to maintain water quality standards or a non-discharging sewage disposal system. Non-discharging systems including on-site septic systems and systems in which the effluent is applied to the land are locally permitted at this time.
