**TO: Nimishillen Creek Watershed Partners Core Committee Members and Guests**

**FROM: Eric Akin, Upper Tuscarawas River Watershed Coordinator**

**DATE: April 4, 2006**

**SUBJECT: April 11<sup>th</sup> Meeting Agenda**

Hello! Just is a quick reminder of the upcoming Nimishillen Creek Watershed Core Committee meeting on **Tuesday, April 11, from 2:00 to 4:00 p.m.** This meeting will be back at the **City of Canton's Water Pollution Control Center located at 3530 Central Ave. S.E.** Please contact me if you need additional directions.

The primary focus of the agenda you will be to review and discuss the **DRAFT Nimishillen Creek Watershed – State Action Plan** that has been developed over the last several months by NEFCO and the Nimishillen Creek Watershed Partners. I will give a brief overview of the Action Plan then we will discuss any needed changes, additions, or removals. I plan on posting the DRAFT Action Plan at [www.uptuscwatershed.org/nimishillen.html](http://www.uptuscwatershed.org/nimishillen.html) for you to review before the meeting. I apologize for the delay in posting the DRAFT report, but it is still undergoing review by NEFCO's staff. I will email you as soon as it is available on-line. The next step in the process will be to hold a public meeting for additional comments before submitting it to the State for endorsements.

Time permitting updates will be provided on other watershed issues including the status of ODNR's Sherrick Run Acid Mine Drainage study, Ohio EPA's TMDL report, and the proposed watershed tour education grant. There will also be an opportunity for meeting attendees to provide updates on other watershed topics.

If you have any questions regarding the meeting or would like to have an item added to the agenda, please contact me. Thank you and I will see you on the 11<sup>th</sup>!
