Joseph Hadley, Jr., Executive Director

TO: Nimishillen Creek Watershed Partners Core Committee Members and Guests

FROM: Eric Akin, Upper Tuscarawas River Watershed Coordinator

DATE: November 17th, 2009

SUBJECT: November 24th Meeting Agenda & Meeting Location

Hello. It has been two months since our very successful Nimishillen Creek LEAP. Thank you to everyone who had a hand in organizing and running this event. The time has come for our next Nimishillen Creek Watershed Partners meeting to be held at **Kent State University Stark Campus located at 6000 Frank Avenue NW, on Tuesday, November 24, from 2:00 to 4:00 p.m.** The agenda is attached below. We will be meeting in **Conference Room 1 in the Main Hall** (the tallest building on campus). Parking is in the large student lot in front of Main Hall. No parking sticker is required. Directions and a campus map have been enclosed.

The agenda includes a recap of the Nimishillen Creek LEAP, an update on an upcoming water quality improvement project funded by Marathon Petroleum, and a discussion with Kent State University representatives about their ongoing watershed project funded through the Herbert W. Hoover Foundation. Dr. Penny Bernstein of Kent State will also discuss the possibility of partnerships between local environmental organizations/agencies and Kent State University students and faculty. The basic idea is incorporate local environmental and watershed issues with class projects and curriculum.

As always, please contact me if you have any questions regarding the agenda or the meeting. Thank you!
