

**Upper Tuscarawas River Technical Advisory Committee  
August 26, 2005**

**Questionnaire:**

Name: \_\_\_\_\_

Representing: \_\_\_\_\_

1. What are the primary issues or problems of reduced water quality (surface or ground water) in the Tuscarawas River Basin?

---

---

---

---

2. Do you have local examples of these problems? If yes, please give a location (street, address, intersection) as best as possible.

---

---

---

3. Who is or should be responsible for addressing these problems or issues?

---

---

---

4. Who is or should be responsible for paying to fix these water quality problems?

---

---

---
