

Upper Tuscarawas River TAC Example Action Plan Outline

Acronyms

Table of Content

I. Introduction

- Purpose
- Water Quality Goals
- Comprehensive Watershed Goals
- Updates and Revisions
- Previous Water Quality Efforts
- Local Watershed Group
 - Structure
 - Current Officers
- Development of the Action Plan
- Education and Marketing Strategies & Outreach Goals

II. Inventory of the Watershed

- Introduction
- Physical Description
- Administrative Boundaries
- Districts
 - Park
 - School
 - Colleges and Universities
 - Sewer
 - Soil and Water
- Geology
 - Topography, Land Form, and Slope
 - Bed Rock Geology
 - Glacial History
 - Soils
- Biological Features
 - Rare, Threatened, and Endangered Plant Species
 - Invasive, Non-Native Species and Their Potential Impacts
 - Wildlife
- Water Resources
 - Climate and Precipitation
 - Surface Water
 - Flow Regime (USGS Gauging Stations)
 - Floodplain Areas
 - Water Quality Improvement Efforts
 - Storm Water
 - NPDES Storm Water Phase 2 Communities
- Ground Water
 - Water Suppliers
 - SWAP Information

- Land Use
 - Land Cover
 - Impervious Surfaces
 - Protected Lands
 - Status and Trends
 - Agriculture
 - Crop Type
 - Tillage
 - Rotations
 - Livestock Inventory
 - Agriculture and Economy
 - Chemical Use Patterns
- Socioeconomics
 - Demographics
 - Economics
- Physical Attributes
 - Riparian Corridor Study
 - OHIO EPA's Habitat Restorability Rating
 - Riparian Miles with Permanent Protection
 - Dams
 - Gradient
 - Channelization and Other Modifications
 - Eroded Banks
 - Floodplain Connectivity
 - Riparian Levees
 - Entrenched Miles
 - Status and Trends
- Recreation
- Cultural Resources
 - Historical Information
 - Historical Sites

III. Water Resource Quality

- Designated Uses for Ohio Surface Water Resources
 - Aquatic Life Use Designations
 - Water Supply - Non-Aquatic Life Use Designation
 - Recreation - Non-Aquatic Life Use Designation
 - State Resource Waters - Non- Aquatic Life Use Designation
- Biological Criteria
 - IBI - Index of Biological Integrity
 - ICI - Invertebrate Community Index
 - MIwb - Modified Index of Well Being
 - QHEI - Qualitative Habitat Evaluation Index
- Aquatic Life Use Attainment Status of Nimishillen Creek
- Ohio EPA Water Monitoring Sites Data (IBI, ICI, MIwb, QHEI)

- Other Water Quality Studies

IV. Water Quality Issues

- Overview of Water Quality Impairments
 - Point Source Pollution
 - Nonpoint Source Pollution
- Potential Contamination Sources
- Watershed Issues

V. Load Reductions

VI. Home Sewage Treatment System Plan

VII. Subwatershed Plans

- Subwatershed Map
- Inventory
 - Physical Description
 - Land Use
- Water Quality Data and Impairments
 - Ohio EPA's Water Quality Results
 - Other Water Quality Information
- Subwatershed Issues (Impairments Causes)
 - "Hot Spots"
- Problem Statement/Goals/Objectives
- Prioritized Actions Table

VIII. Watershed Programs

IX. Water Quality Monitoring

X. Funding and Evaluation

XI. Appendix
