

NORTHEAST OHIO FOUR COUNTY REGIONAL PLANNING AND DEVELOPMENT ORGANIZATION

Upper Tuscarawas River

Watershed Action Plan

Final Report

July 1999

The preparation of this report was financed through the Summit Soil and Water Conservation District (SWCD). The funding originated from the State's Canal Lakes Watershed Management Program, which is part of the Ohio Department of Natural Resources Capital Improvements Budget.

This report is submitted in fulfillment of Milestone 5, from NEFCO's Scope of Work, for the Upper Tuscarawas River Watershed Action Plan. The scope calls for NEFCO to update critical watershed components including land use, critical resources, and riparian corridor habitat. It also calls for NEFCO to develop a strategic action plan to address threats to water quality and provide recommendations which are most appropriate for the watershed.

Table of Contents

	<u>Page</u>
List of Tables	iv
List of Figures	vi
List of Appendices	vii
Summary	1
Introduction	2
Study Area	2
Data Sources	6
I. Land Use/Land Cover	
Summary	8
Introduction	8
Source Materials	8
Discussion	12
Conclusion	13
II. Potential Pollution Sources	
Summary	14
Introduction	14
Relevant Data	15
Aquatic Life Use Designations	15
Fecal Coliform Testing	15
Potential Point Source Pollution Inventory	17
Self Monitoring	18
Pollutant Loads	21
Potential Nonpoint Source Pollution Inventory	22
Unsewered Areas	22
Abandoned Drinking Water Wells	25
Trucking Activity	25
Petroleum Production Activity	26
Underground Storage Tanks	30
Gasoline Use, Storage and Transportation	32
Agricultural Areas	32
Construction Sites	32
Impervious Areas	35
Golf Courses	36
Nurseries/Green Houses and Landscaping Operations	36
Lawn and Garden/Household Maintenance	38
Fuel Oil Use	38
Salt Storage and Seasonal Spreading of Salt	39
Polychlorinated Biphenyls (PCBs) Use	40

Table of Contents (continued)

	<u>Page</u>
Mining Activity	40
Industrial Land Use Areas	41
Landfills and Dumps	44
Boating Activities	47
Nutrients from Natural Sources	48
Conclusion	48
Pollution Potential Ratings	50
Ranking of 24 Potential Pollution Sources	52
III. Critical Resources	
Summary	57
Introduction	58
Characterization of Critical Resource Areas	58
a. High Quality Waters	58
b. Headwaters	62
c. Ground Water Resources	63
d. Biologically Significant Wetlands	66
Inventory and Status of Unique Species and Features	69
Conclusion	70
IV. Riparian Zone Analysis	
Summary	71
Introduction	71
Riparian Habitat Inventory and Evaluation	72
Source Materials	72
Methodology	73
Results	74
Stream Gradient Riparian Corridor Description	83
Conclusion	86
V. Portage Lakes Task Force	
Summary	88
Introduction	88
Discussion	88
Conclusion	89
VI. Watershed Action Plan	
Summary	90
Introduction	90
Discussion	91
Recommendations for Future Work	119
References Used	120

List of Tables

<u>Table</u>	<u>Page</u>
1 Land Use/Land Cover Data, by County, in the Upper Tuscarawas River Watershed	10
2 Land Use/Land Cover Data, by Subwatershed, in the Upper Tuscarawas River Watershed	11
3 Fecal Coliform Counts from Samples Taken on July 28, 1998 in the Upper Tuscarawas River Watershed	16
4 Distribution and Design Flow, by Subwatershed, for Domestic Wastewater Treatment Plants	18
5 Final Effluent Self-Monitoring Requirements	19
6 Influent Self-Monitoring Requirements	20
7 Upstream/Downstream Self-Monitoring Requirements	20
8 Oil/Gas Drilling Activity in the Upper Tuscarawas River Watershed	26
9 Active Construction Sites in the Upper Tuscarawas River Watershed	34
10 Total Number of Acres Under Construction in the Upper Tuscarawas River Watershed	35
11 Nurseries/Green Houses and Landscaping Operations in the Upper Tuscarawas River Watershed	37
12 Salt Storage Sites Within the Watershed	39
13 Active Industrial Operations in the Upper Tuscarawas River Watershed	41
14 Sites in the Watershed on the Master Sites List (MSL)	43
15 Active/Inactive Landfills and Dumps in the Upper Tuscarawas River Watershed	45
16 Pollution Potential Ratings for each Subwatershed of the Upper Tuscarawas River Watershed	51
17 Correlation of Upper Tuscarawas River Watershed Potential Pollution Sources to the Ohio Comparative Risk Project's (OCRPs) Ranked Threats	53
18 Weighting Factors and Ranking Scores for each Identified Potential Pollution Source in the Upper Tuscarawas River Watershed	54
19 Ranking of 24 Potential Pollution Sources to the Watershed and Pollution Potential Ratings for each Subwatershed	55
20 Publicly-Owned Lakes/Reservoirs/Ponds Greater than 5 Acres	60

List of Tables (continued)

	<u>Page</u>
21 Sample Riparian Habitat Data Entry from the Riparian Inventory	74
22 Frequency of Habitat Scores Along the Tuscarawas River and Other Streams	75
23 Percentage of Low, Moderate and High Quality Riparian Habitat	75
24 Estimates of Acreage for Forest, Swamp, and Old Field Habitat Along Segments of Tuscarawas River and Other Streams	76
25 Average Stream Gradient and Percent of Slope	84
26 Upper Tuscarawas River Watershed Action Plan	93
27 Stream Segments Identified for Riparian Zone Protection or Restoration Activities in the Upper Tuscarawas River Watershed	117
28 Areas Identified for Increasing or Protecting Wetlands in the Upper Tuscarawas River Watershed	118
